

## Public Education – Grant application – Collectives and organizations – 2026

The application form consists of six (6) tabs, including several mandatory questions. Please complete and review each tab carefully.

The application form requests basic information about the applicant (including name, Business ID, and members of the working group), background information for research and statistical purposes, and information about the project for which funding is applied for (including the field of the application, purpose of the grant, duration of the work, amount of the working grant, and any expense component).

In addition, the required attachments must be submitted through the application system. On the *Other Funding tab*, applicants must report grants they have received during the past three years, as well as any other applications currently under consideration.

<i>Other financing</i>	Modify
<i>Commitment and Terms of Grant Use</i>	Modify

Preview/print application (in a new window)

**Approve and submit the application to the Alfred Kordelin Foundation**

In addition, the following fields and questions are included in the application form:

## Summary of the plan and objectives -tab

**What kind of knowledge, understanding, or expertise will be generated as a result of the working?**

Also describe how the knowledge or expertise generated can benefit a wider audience or the field in general.

3000 characters left.

## Summary of the plan and objectives of the project

For what purpose are you applying for the grant? Describe the objectives of your project and what concrete outcomes will result from your work. Describe the successful outcome you aim for and the desired state at the conclusion of the project.

3000 characters left.

In the application form, there are four alternative impact objectives:

1) Strengthening critical thinking 2) Strengthening a sense of community and social cohesion 3) Promoting internationality and global perspective and 4) Developing practical skills.

Applicants must select on the application form the impact objective to which their application relates and describe in an open-text field how the project contributes to the chosen objective.

This question will appear on the form based on the selection you make on the “Grant, Field and Topic” tab. In this example, the selected objective is Strengthening Critical Thinking.

## The impact goal - Strengthening critical thinking

Describe your project is connected to the impact goal you chose. Briefly explain how your work contributes to the chosen objective. The aim is for you to recognize the societal relevance of your work and its goals, and to reflect on how the outcomes of your work will serve a broader audience or a specific target group.

3000 characters left.

## Target audience

What kind of audience do you aim to reach with your work? Who is your work intended for? Why do you want to reach this audience? You may also set a target for the number of audience members/ participants or define your target group.

1000 characters left.

**How and through what concrete means do you intend to reach your audience, and how will the audience participate in or be engaged in the implementation of the project?**

1000 characters left.

## **Partners and collaborators of the project**

In this section, you may describe, for example, a collaboration partner with whom you have had discussions, or parties with whom you are planning to collaborate. The purpose of this question is to ensure that the applicant has already developed their idea further. The collaboration partner may be, for example, a venue provider, a company, or another type of organization. Describe the nature of the confirmed collaboration or partnership as precisely as possible (venue, website, time, location — especially if the partner or venue is outside Finland).

1000 characters left.

On the Attachments tab, you can upload the required mandatory documents to your application as PDF files.

## Attachments

Please attach the required documents to your application. The application cannot be submitted unless all mandatory attachments relevant to your application are included.

### Application Attachments

- **CV** from the project's responsible person and/or working group members (mandatory). It is recommended to use the template provided by the Finnish Advisory Board on Research Integrity (TENK), where applicable.
- **Project plan** (mandatory). Maximum length five (5) pages.
- **Confirmation of interest** (mandatory). The foundation requires that the applicant demonstrates already at the application stage that the project partner has expressed interest in the project. This can be verified by attaching an email or document from the partner, such as a confirmation from a producer, venue, gallery, or publisher. Do not submit contracts.
- **Project budget** (mandatory).
- **Report on operations and financial statement** (mandatory).

### Naming Attachments and File Format

- Name the attachments clearly and descriptively.
- If you have trouble adding attachments on a Mac computer, try naming the attachments without special characters or Scandinavian letters å, ä, ö.
- Attachments cannot be sent by email or mail, nor can they be delivered to the office. Attachments cannot be submitted afterwards.
- Attachment files can only be of type .pdf
- The maximum file size is 3MB.

### Add a New Attachment

1. Click "Browse".
2. Select the desired file.
3. Press the framed button "Add attachment".
4. After adding the attachment, select the attachment type from the menu above the attachment.
5. **Make sure your application includes all mandatory attachments and that the attachment type describing the attachment is selected from the menu. The application will not be submitted if a required attachment type is missing.**
6. Remember to save after adding all the attachments you want.
